ARIZONA CORP COMMISSION
DOCKET CONTROL

IN THE MATTER OF THE APPLICATION
OF ARIZONA PUBLIC SERVICE
COMPANY FOR APPROVAL OF
DEMAND RESPONSE PROGRAM

DOCKET NO. E-01345A-08-0569

**SUPPLEMENT TO REQUEST FOR
APPROVAL OF DEMAND
RESPONSE PROGRAM**

In November 2008, Arizona Public Service Company ("APS" or "Company") filed a request for approval of a demand response ("DR") program for commercial and industrial ("C&I") customers. The proposed DR program will offer eligible C&I customers financial incentives to reduce their electricity usage during APS's summer peak. Since filing the DR program, the Company has conferred with Commission Staff regarding the specifics of the program. With this filing, the Company is making a simple modification to the proposed program to incorporate Staff's recommendation to expand the eligibility to include C&I customers who receive electric service under APS's partial requirements rate schedule.

Additionally, because there are complex implementation processes, and extensive customer education and outreach is necessary to implement this new C&I DR program, APS respectfully requests that the Commission render its decision on this matter by May 29, 2009, so the program can be operational by summer 2010.

RESPECTFULLY SUBMITTED this 28th day of April, 2009.
